*Jay,
Many thanks for what has been truly impressive service. From a prompt response to the email request, to meeting me after hours for a quote; providing a quote within hours and understanding my need to get more quotes, to getting the jobs done so quickly. I simply could not fault any part of this transaction. Your staff have been respectful of my property, left everything clean and tidy, and were most helpful whenever I came across them. Please express my gratitude to them for being so professional.*
